

Date November 15th, 2023

TO:MEU BUP President Mr.Puetz

The investigation result on usage of steel products made in Russia

Thank you for your daily supports for expanding MITSUBISHI ELECTRIC CORPORATION FA products.

Please let us inform you about the investigation result on usage of steel products made in Russia.

- We do not purchase Iron and Steel products from Russia, but purchase only from Japanese, Korean and Taiwanese manufacturers.
In addition, neither of these manufacturers have manufacturing facilities in Russia.
- None of our suppliers purchase raw Iron and Steel products produced in Russia.

Sincerely yours,

Naoki Sato
MITSUBISHI ELECTRIC CORPORATION
Nagoya Works, Marketing & Production Dept,
Deputy General Manager
