Confirmation for European Community Directive 1907/2006/EC (REACH)

Dear Customer,

You are purchasing exclusively electronic or electromechanical, non-chemical products from Hirschmann Automation and Control GmbH. With these products we are, in terms of REACH (1907/2006/EC), a so-called "downstream" user. Hence, we are neither subject to mandatory registration nor to the obligation to prepare safety data sheets. Furthermore, under normal conditions of use, no substances should be released from the products you purchase.

Our products do not contain residual hazardous substances originating from our production process. In consideration of the mandatory candidate list (17th January 2022) with 223 substances and the information from our suppliers we can, with the exception of lead (CAS no 7439-92-1), exclude the existing of a SVHC (Substances of Very High Concern) in a concentration above 0.1 % weight by weight in our products. If this changes in the future, we will of course inform you about the presence of relevant substances in accordance with our obligations as provided in §33 of the REACH regulation.

Likewise, our products (including packaging) comply with their ingredients the requirements of Annex XVII.

Best regards
Hirschmann Automation and Control GmbH
